Best Start Kitten Plans

What can our Health Care Plan do for you and your kitten?

Congratulations on your new kitten! Our kitten plans are designed to provide cost savings and to help ensure that your kitten receives the preventative care they need to get off to a great start.

up to \$ 700 in savings

Kitten Neuter Plan
12 Payments of
\$87.50/month (taxes extra)

Kitten Spay Plan
12 Payments of
\$100/month (taxes extra)

Included in every Kitten Plan: All Vaccinations your Kitten Needs

(up to three boosters)

- Every kitten, whether indoor or outdoor, needs preventative health care.
- Vaccines are essential to protect your pet against common diseases and infections.
- Each of our vaccine booster appointments include a comprehensive health examination to assess your kitten's overall health.
- Individualized risk assessment will be done to determine what your pet needs.

Feline Immunodeficiency Virus (FIV)/Feline Leukemia Virus (FeLV) Test

(once for the year while enrolled)

- FIV is a retrovirus in the same family as the human AIDS virus.
- A disease caused by FeLV virus is a form of cancer of the blood cells.
- It is recommended that all kittens be tested for both diseases.

Fecal Testing

(up to two tests while enrolled)

- Fecal tests look for microscopic parasites, including giardia, that are not treated by regular deworming.
- We want to be sure your kitten, you and your family are safe from parasites!

Deworming

(Three treatments)

- Deworming will not only keep your kitten healthy, but also protects you and your family!

Nail Trims

- Included with exams.
- Your kitten deserves a pedicure at each visit!

Spay or Neuter Surgery

- Every effort is made to keep your kitten comfortable while they are with us for their surgery.
- Routine blood testing and monitoring is performed to help improve safety of anesthesia for your kitten.
- I.V. fluids are administered to encourage a speedy recovery.
- Your kitten will go home with pain medication to control inflammation and help them recover quickly. We will also see your kitten two weeks after their surgery to check the incision site.

Up to Three Included Health Exams

(for the year while enrolled)

- No need to wait when you have a concern about your kitten's health.

Note: Emergency after hour visits are not included.
